Surecrop
Strawberries

**Surecrop
NEW AND
WONDERFUL**

Our opinion is that this is one of the best all-around Strawberry introductions. A midseason variety just released by the U.S.D.A. Produces an abundance of fruit over a long period of time. Berries very large, extra firm, with a flavor compared to Pocahontas. Red stele resistant. Our stock is grown from U.S.D.A. VIRUS-FREE plants. Prices: 25 for \$1.50; 50 for \$2.50; 100 for \$4.00; 250 for \$8.00; 500 for \$12.50; 1000 for \$20.00; 5000 for \$95.00.

SERVING OUR CUSTOMERS WITH QUALITY NURSERY STOCK

—THIS IS OUR OBJECTIVE

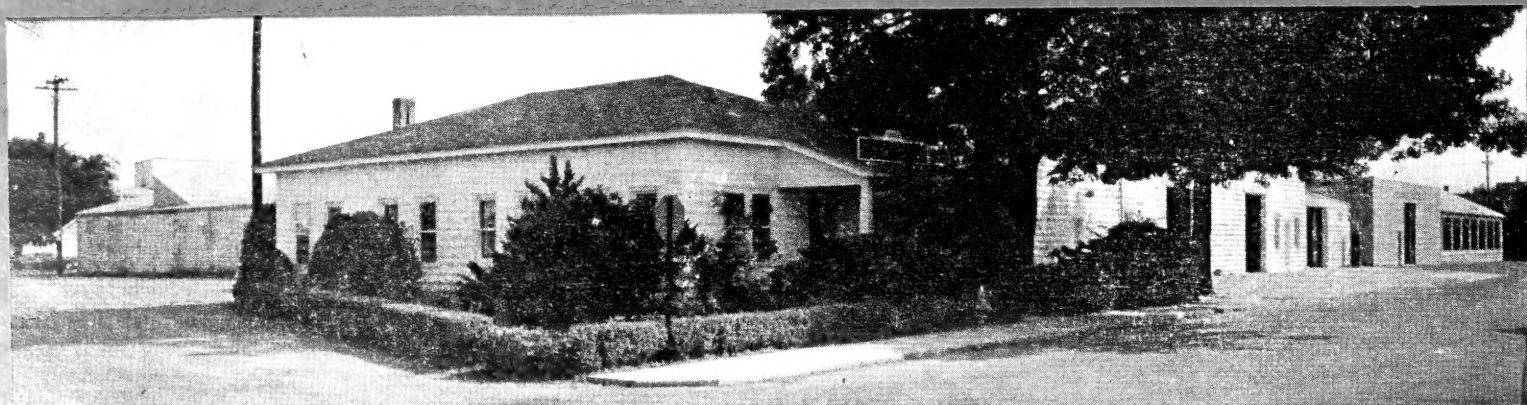

We have been growing and shipping nursery stock for over 50 years. During this time experience has taught us much. The basic background in addition to a constant effort to improve our methods are of utmost importance to us.

We are qualified to grow trees and plants of the highest quality. The kind of stock that will develop into fine specimens at the earliest possible time.

The proper facilities to handle the plants you will receive has been given every consideration.

New methods of packing and shipping orders are always being considered at Buntings'. After testing thoroughly we have, for the past few years, been using polyethylene coated kraft paper. This method of packing retains the moisture and at the same time allows the plants to breathe. No bulky packing materials are necessary to assure safe arrival, even if a long delay should be experienced while enroute.

We say this to you realizing it is information not essential for you to know to plant and grow nursery stock. It is of utmost importance, however, that quality stock be secured and we hope the above information will enlighten you of our desire to supply the very best.

A partial view of one of a number of our shipping departments. We are facilitated to handle your orders quickly and efficiently.

HOW TO ORDER

We have tried to make ordering from BUNTINGS' very easy. We think you will agree that it is.

Use order blank enclosed, it is convenient and avoids mistakes, envelope is also enclosed.

Order early before stock is sold, we will reserve plants for you.

ORDER NOW - We Will Ship at Planting Time in Your Area or at Date During Planting Season You Specify

Take advantage of special collections offered throughout our catalog. They are real money savers designed for best selections.

Telegraph or telephone us at Selbyville, Delaware. Phone Selbyville 2321.

HOW TO REMIT

Please send check or money order with your order. Remittance in full saves you money by eliminating costly C.O.D. fees. We do not wish that you spend money for extra handling charges by the Post Office or Express Co. C.O.D. orders will be accepted if 25% of the cost of plants is included with order.

OUR NURSERY STOCK GUARANTEE— OUR PLANTS GROW

We are proud of our reputation for shipping quality plants and guarantee our plants to grow, if promptly planted and cared for. All we ask is that you follow the instructions outlined below. Many unnecessary planting failures may be easily eliminated by taking proper care. If you feel any loss was due to poor quality plants, please return your copy of the order stating item which failed to grow. Send this to us before August 1st. We will replace at the next planting season for the particular variety of plant lost and charge you only for the postage necessary for making the shipment.

Buntings' Nurseries

PLANTING INFORMATION -

1. **PLANT AT ONCE.** If this is not possible, plants may be stored for a few days in cool damp location.
2. **WATER THOROUGHLY** immediately after planting, also during dry periods of the growing season. Lack of sufficient moisture is one of the main reasons for growth failures.
3. **DO NOT OVER-FERTILIZE.** Too much fertilizer will injure or even kill plants. Follow directions carefully and water thoroughly after applications.
4. **WORK THE SOIL OFTEN** with a hoe or rake. This controls weeds and retains vital life giving moisture.

Tennessee
Beauty

GET *Bunting* QUALITY ENJOY THE BEST

TENNESSEE BEAUTY

Very productive, midseason variety with exceptionally good shipping qualities and wonderful flavor. Has been planted more extensively each year and now is a leader and highly recommended by commercial planters as well as small gardeners. Our Tennessee Beauty is a strain grown from U.S.D.A.

virus-free plants. **Prices:** 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

SPARKLE

A vigorous grower and very productive. Berries are somewhat round in shape, of excellent quality and splendid for freezing. Our Sparkle is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$85.00.

Sparkle

Dixieland

DIXIELAND Best for Freezing

A new introduction of the North Carolina Agricultural Experiment Station. The vigorous growing plants have a strong color and produce berries considerably larger and much firmer than Blakemore. Berries are very uniform in shape and ripen about the same time as Blakemore. Truly an excellent shipper and we believe the best to date for freezing. Our Dixieland is a strain of the U.S.D.A. virus-free plants. We take pride in recommending this berry to you. **Prices:** 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

Blakemore

BLAKEMORE

Excellent for Shipping

A healthy, vigorous growing variety, that yields big crops of berries. Will stand 2 or 3 days without over-ripening. Foliage is healthy and stands up well during drought. Fruit is firm, of good color and unexcelled as a long-distance shipping berry. Ranks high in productiveness. To get all that you are entitled to from Blakemore, do not allow them to mat too thickly in the rows during the growing season. Our Blakemore is a strain grown from U. S. D. A. virus-free plants. **Prices:** 25 for \$1.15; 50 for \$1.90; 100 for \$3.00; 250 for \$6.00; 500 for \$9.40; 1000 for \$15.00; 5000 for \$70.00.

Buntings' Reliable STRAWBERRY Plants

TIPS ON PLANTING

Number of Plants Required to Set an Acre at Various Distances

1 x 1 ft.	43,560	4 x 2 ft.	5,445
2 x 2 ft.	10,890	5 x 1 ft.	8,712
3 x 1 ft.	14,520	5 x 2 ft.	4,356
3 x 1½ ft.	9,900	6 x 1 ft.	7,260
3 x 2 ft.	7,260	6 x 2 ft.	3,630
4 x 1 ft.	10,890	7 x 1 ft.	6,222
4 x 1½ ft.	7,260	7 x 2 ft.	3,111

Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which divided into the number of square feet in an acre (43,560) will give the number of plants or trees to an acre.

Number of Trees Required to Set an Acre at Various Distances

	Trees per Acre
Trees planted 35 feet apart each way	35
Trees planted 30 feet apart each way	49
Trees planted 25 feet apart each way	69
Trees planted 20 feet apart each way	109
Trees planted 18 feet apart each way	137
Trees planted 16 feet apart each way	170
Trees planted 14 feet apart each way	222
Trees planted 12 feet apart each way	302
Trees planted 10 feet apart each way	435
Trees planted 8 feet apart each way	680
Trees planted 6 feet apart each way	1,210
Trees planted 4 feet apart each way	2,722
Trees planted 3 feet apart each way	4,840

EVERBEARERS

7 SUPERFECTION. A large, red to the center berry with pleasing flavor. Bears throughout the late summer and fall season. We recommend that you plant them. **Prices: 25 for \$2.25; 50 for \$3.75; 100 for \$6.00.**

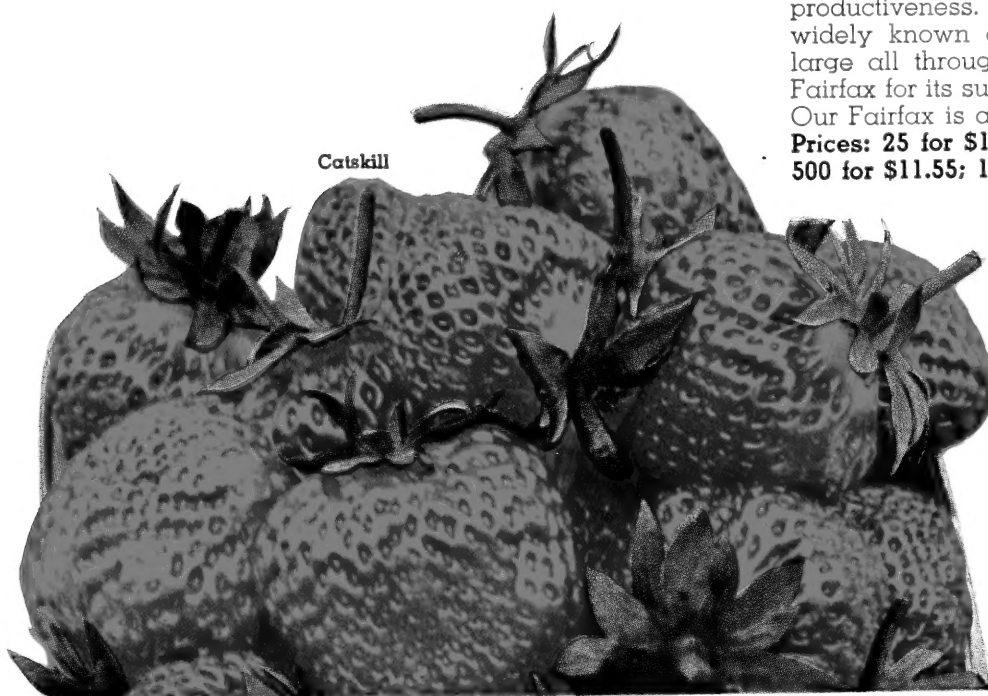

7 MASTODON. Has been a leader among the everbearing varieties for many years. Makes strong, robust plants. Berries are large and have good flavor. Plant in good fertile soil and you will be delighted with this long-time favorite. Its spring crop compares favorably with that of other June-bearing sorts. **Prices: 25 for \$2.40; 50 for \$4.00; 100 for \$6.40.**

7 STREAMLINER. Generally conceded to be one of the best everbearing Strawberries offered today. Has pleasing flavor, rich red color throughout; excellent for eating fresh, canning or freezing. **Prices: 25 for \$2.40; 50 for \$4.00; 100 for \$6.40.**

7 GEM. One of the leading everbearing varieties. Bright, attractive berries of good size and uniform shape. Plants are very productive and hardy. They bear abundantly and have a pleasing flavor that will be enjoyed by all. **Prices: 25 for \$2.25; 50 for \$3.75; 100 for \$6.00.**

7 FAIRFAX

Early. The quality berry. A favorite in quality, flavor and productiveness. Originated and introduced with Dorsett, now widely known and planted. The berries are exceptionally large all through the fruiting season, and very firm. Plant Fairfax for its superb flavor, large size and universal demand. Our Fairfax is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.40; 50 for \$2.30; 100 for \$3.70; 250 for \$7.40; 500 for \$11.55; 1000 for \$18.50; 5000 for \$87.50.**

Catskill

7 CATSKILL

Almost Frost Proof

An outstanding midseason variety becoming more popular every year. Produces large, strong plants, makes an ideal fruiting bed. The berries are large in size, bright red color. Equals Premier in flavor and carries a bright green cap. Firm enough to arrive on the market in excellent condition. It is considered almost frost-proof, and can be depended upon to produce annually bumper crops of fine fruit. Our Catskill is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.35; 50 for \$2.30; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$87.50.**

Fairfax

Excellent Varieties of *Buntings'* STRAWBERRIES

NOT PICTURED June Bearing Sorts

EARLIDAWN. A new introduction of the U.S.D.A. The earliest of all to ripen. A nearly frost-proof variety of good flavor and color. Yield tests have been well above average and good size is maintained throughout the fruiting season. Our Earlidawn is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.50; 50 for \$2.50; 100 for \$4.00; 250 for \$8.00; 500 for \$12.00.

ALBRITTON. A new introduction of the North Carolina Experiment Station. Plants are very productive in tests from Maryland south and it has become very popular in this area. Berries are large with rich red color and ripen early. Our Albritton is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$85.00.

VERMILION. Introduced by the University of Illinois. Very productive of good size berries; fine quality. Our stock is a strain of the U.S.D.A. virus free plants. **Price:** 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

SENATOR DUNLAP. Fruit is of good size and a beautiful bright red color, glossy and firm. Makes a good fruiting bed under adverse weather conditions. Our Dunlap is a strain grown from the U.S.D.A. virus-free plants. **Prices:** 25 for \$1.20; 50 for \$2.00; 100 for \$3.20; 250 for \$6.40; 500 for \$10.00; 1000 for \$16.00.

REDGLOW. One of the latest introductions of the U.S.D.A. An early bearing variety of large size with a vivid red color throughout. Very good flavor, excellent for freezing. Red stele resistant. Our Redglow is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.50; 50 for \$2.50; 100 for \$4.00; 250 for \$8.00; 500 for \$12.50; 1000 for \$20.00; 5000 for \$95.00.

BELLMAR. A U.S.D.A. introduction of outstanding character. A cross between Premier and Missionary. Under our new method of growing, plants are more vigorous and yields are greater. Its attractive color and good flavor will delight you. Our Bellmar is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

TEMPLE. An exceptionally vigorous variety, with unusually tall plants. Produces large, smooth, uniform berries nearly as early as Blakemore. Introduced because of its resistance to disease. **Prices:** 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

ROBINSON. Ripens just after Premier, at a time when berries bring a good price. Berries are large, brilliant red, uniform in size. Vigorous grower and a heavy yielder. Our Robinson is a strain grown from U.S.D.A. virus-free plants. **Prices:** 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.

FAIRPEAKE. A cross between Chesapeake and Fairfax, this Strawberry retains the delicious flavor of Fairfax and is more productive than Chesapeake. A vigorous grower; this plant produces a quality berry of good size. The flesh is firm, juicy, and red to the center. Excellent for either the home gardener or commercial grower. **Prices:** 25 for \$1.40; 50 for \$2.30; 100 for \$3.70; 250 for \$7.40; 500 for \$11.55; 1000 for \$18.50.

FAIRLAND. Produces large, bright red firm berries which carry to market in excellent condition and command premium prices. The berries ripen just a few days after Premier, at a time when there is a good demand for quality fruit. A vigorous grower, producing runner plants freely. The healthy foliage is usually free of leaf spot and scorch. Resistant to red stele root disease. **Prices:** 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$85.00.

THERE IS A DIFFERENCE IN VIRUS-FREE STRAWBERRY PLANTS. Buntings' foundation planting stock is grown from plants started each year from our greenhouses and screenhouse. Following this procedure year after year, we maintain for our customers the highest possible degree of freedom from virus and other diseases. Unless growers set plants of this type, there is much less assurance of this substantial freedom from disease. Increase your chances for a more profitable crop by setting Buntings' quality Strawberry plants.

Empire LARGE SIZE • GOOD FLAVOR

A new introduction of the New York State Experiment Station as a real challenger of Premier. Berries average extra large in size, very attractive and of excellent quality. Fruit is firm and holds its appearance well, making an excellent shipping berry. Very vigorous grower; withstands adverse growing conditions. **Prices:** 25 for \$1.40; 50 for \$2.30; 100 for \$3.70; 250 for \$7.40; 500 for \$11.55; 1000 for \$18.50; 5000 for \$87.50.

Stelemaster

STELEMASTER

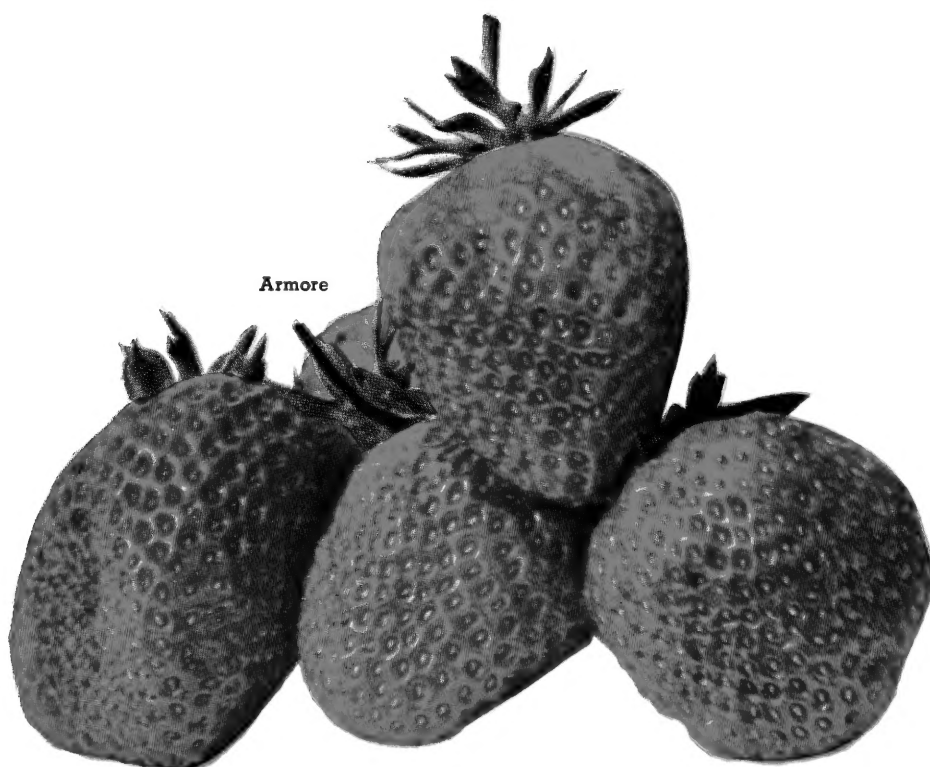

One of the latest introductions of the U.S.D.A., Beltsville, Md., because of its resistance to all races of red stele. Ripens about the same time as Blakemore. Berries are uniform, smooth and of good size. Flesh is light red, juicy, and firm, with flavor mildly sub-acid. Plants are very vigorous and productive, also its resistance to disease will meet demands and develop its popularity. Our stock is a strain grown from the U.S.D.A. virus-free plants. **Prices: 25 for \$1.35; 50 for \$2.25; 100 for \$3.60; 250 for \$7.20; 500 for \$11.25; 1000 for \$18.00; 5000 for \$85.00.**

PREMIER *Quality Proved Through Test of Years*

This very popular early berry has stood the tests of many years. Fruit large and holds its size well throughout the ripening season. Foliage smooth, bright and clean. A good plant maker. One of the most extensively planted early varieties of Strawberries at this time. There are but very few varieties that have equalled Premier's production record. In flavor and quality it ranks with the best. Recommended for home use, local sales or commercial markets. Our Premier is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.30; 50 for \$2.15; 100 for \$3.40; 250 for \$6.80; 500 for \$10.65; 1000 for \$17.00; 5000 for \$80.00.**

Premier

Armore

ARMORE

Introduced by the Missouri Experimental Station, this variety has proved more productive than 60 others in actual tests. Berries are of good size, a beautiful red and of excellent flavor; a firm, good keeping, good shipping variety. Our Armore is a strain grown from U.S.D.A. virus-free plants. **Prices: 25 for \$1.30; 50 for \$2.20; 100 for \$3.50; 250 for \$6.85; 500 for \$10.95; 1000 for \$17.50; 5000 for \$82.50.**

GROWING STRAWBERRIES PROFITABLY

Planting Time

Northern States—April and May.

Central States—March, April and May.

Southern States—February, March and April.

Plants referred to as "virus-free" in this catalog have been field-grown by us from virus-free foundation stock furnished by U.S.D.A., Beltsville, Md. Our field-grown stock has been dusted with parathion to control aphids which transmit the virus disease. They have also been grown at considerable distance from any other Strawberry plants. Since virus do not produce clear-cut symptoms in most Strawberry varieties but simply weaken and devitalize the plants, no guarantee can be made that these plants are 100% free of virus. Because of the measures that we have used to protect these plants from virus infection, we believe them to be substantially virus-free.

Setting Plants

Clip the roots if they can't be planted without doubling. The plant should be set with the crown about even with the soil after it has been thoroughly firmed around the plant.

Type of Soil

Select a plot springy in nature but well drained and free of vegetation. Moisture is essential. The land which you contemplate setting to Strawberries should be kept as free from vegetation as possible during the previous year. If the land has been lying idle, plow late in summer before the weeds and grass develop seed to maturity. Heavy crops of Cow Peas, Soy Beans, etc., if plowed under in late summer while green increases the humus and fertility of the soil, making it loose and porous; therefore, more retentive of moisture.

Soil Preparation and Fertilization

Prepare soil same as for truck garden crops. Lay out rows, usually 3½ to 4 feet apart; set plants about 15 to 18 inches apart in the rows. Do not use commercial fertilizer at the roots. If soil is fertile we do not recommend using any type of fertilizer when planting. After the plants have been set in the row, a light application of fertilizer may be applied around the plant and worked into the soil with a hoe. Do not allow the fertilizer to fall on the leaves of the plant. During the growing season additional applications of fertilizer may be applied if the soil is not reasonably fertile.

The following spring after plants have been set, during the month of February or March, apply a good grade of commercial fertilizer carrying an analysis of 5 per cent ammonia, 6 to 8 per cent phosphoric acid and 10 per cent potash, broadcast on the row of the plants, at the rate of 15 to 20 pounds per hundred yards of row space.

Cultivation

Keep Rows Free of Vegetation.

As soon as the plants are set in the spring, cultivation should begin, and should be continued whenever weeds start or a crust forms. Frequent shallow cultivation will make it unnecessary to do much hand hoeing or hand weeding.

Mulching

After the first freeze during fall months, wheat or rye straw may be applied over the rows of plants for winter protection. Early in the spring, before growth starts, it should be removed from the bed of plants and placed between the rows to retain moisture and keep berries clean.

Buntings' STRAWBERRY PLANTS

Known for QUALITY

Grown Under the Most Modern Methods

7 INDIAN SUMMER

Giant Red Everbearer

The best everbearing red Raspberry. Earliest to ripen; bears a full crop in June and an immense crop in the fall. A sensation because of its size, flavor and unusual beauty. Wonderful keeping qualities. Berries are glossy red, conical in shape and of extra large size. The greatest all-purpose Raspberry. The fall crops, when Raspberries are scarce and therefore highly prized, are heavier than the earlier ones.

Wonderful keeping qualities. Berries are glossy red, conical in shape and of extra large size. The greatest all-purpose Raspberry. The fall crops, when Raspberries are scarce and therefore highly prized, are heavier than the earlier ones.

7 CUMBERLAND

The Black Raspberry

In Blacks—your best bet. Produces large, jet-black fruit, firm and of excellent quality, sweet and mild, ripening in midseason and continuing for two weeks. Extensively planted for commercial purposes and for table use. Fruit is large, plump and juicy, with a true "Blackcap flavor" all its own. Because of its extremely firm texture, Cumberland is an ideal shipper. No Black Raspberry has ever been grown as extensively as Cumberland nor attained its great popularity in all Raspberry producing sections of the country.

Cumberland—
the best bet in Blacks.

7 TAYLOR

The Northern Special

Considered the best of the reds for New York and northern areas. Vigorous, hardy, productive. Sturdy canes hold berries well off the ground. The berries are bright red, firm and excellent quality.

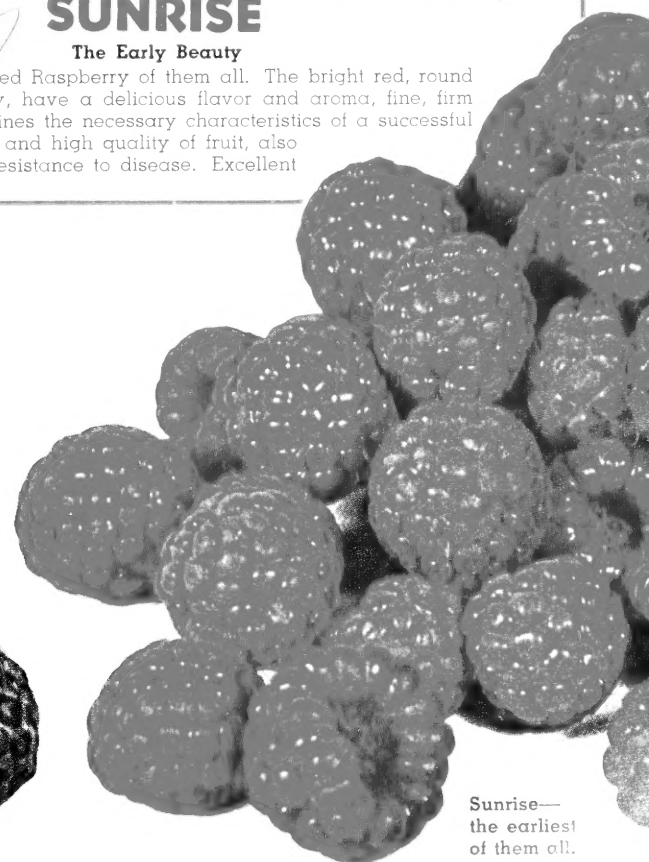

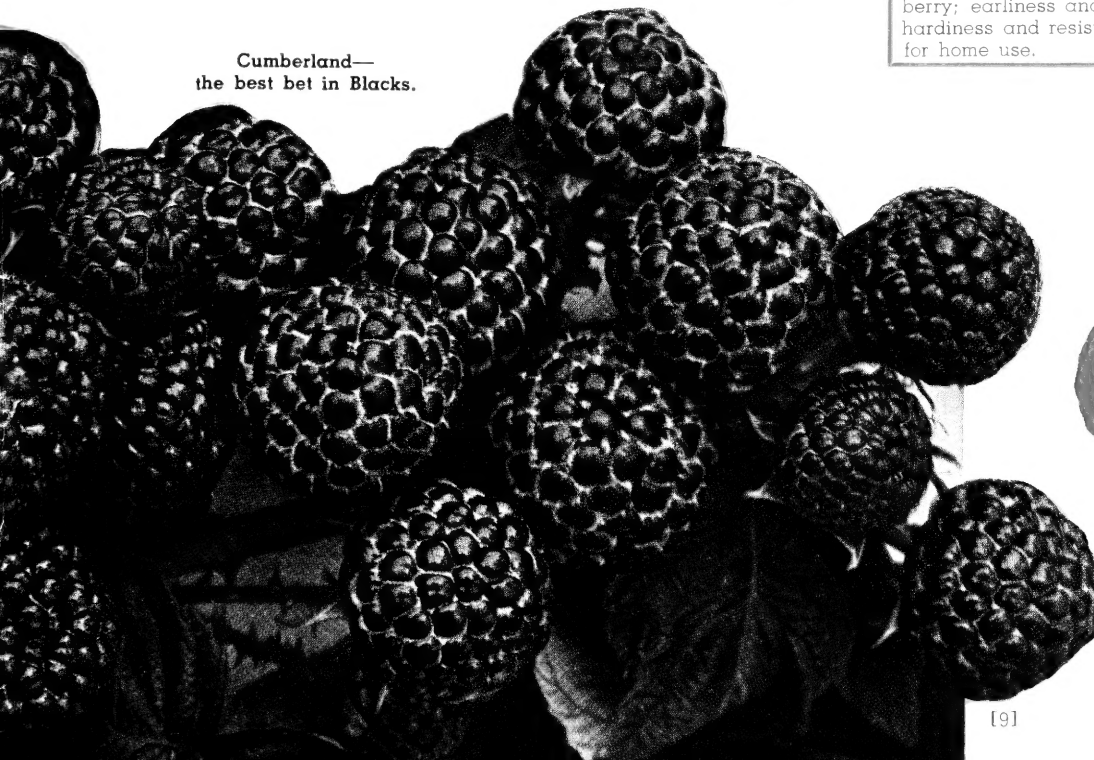

7 SEPTEMBER EVERBEARING

A new everbearing Red Raspberry, a cross between Marcy and Ranere, introduced by the New York State Fruit Testing Association. Berries are of good size, high quality, round, bright red, show no crumbling tendencies and cling securely to the bushes. Its spring crop is about five days earlier than Newburgh, and the fall crop matures before frost. Plants are vigorous and increase rapidly. Ideal for either home or commercial gardens.

7 SUNRISE

The Early Beauty

The earliest Red Raspberry of them all. The bright red, round berries are juicy, have a delicious flavor and aroma, fine, firm texture. It combines the necessary characteristics of a successful berry; earliness and high quality of fruit, also hardiness and resistance to disease. Excellent for home use.

Sunrise—
the earliest
of them all.

BOYSENBERRY

10 Plants for \$2.70

A cross between the California Loganberry, Raspberry and Blackberry. Just think of a berry that has a little of each of these fruits all in one giant, nearly seedless, beautiful wine-colored berry, with a flavor that you will never forget.

Its size is unbelievable—two inches long is not unusual, three inches long not rare. Fifty of these plump, inch-thick marvels will fill a quart basket.

Buntings' hardy No. 1, strong-rooted plants bear big crops the second year. Do not miss planting some Boysenberries in your garden this year. Prices: 3 for \$1.35; 6 for \$2.15; 10 for \$2.70; 25 for \$4.95; 100 for \$14.05; 500 for \$48.85.

DEWBERRIES

LUCRETIA. Extremely productive. The berries are extra large, black in color; flavor rich, sweet and delicious. Dewberries are of the Blackberry family, but produced on a trailing vine instead of an upright bush, and bear earlier in the summer. Lucretia berries are firm and of excellent quality. Prices: 10 for \$2.10; 25 for \$3.90; 50 for \$6.65; 100 for \$11.55.

New Red-Leaved Peach

**Delicious Peaches
Red Foliage
Colorful Pink Blossoms**

A dual-purpose tree—beautiful as an ornamental, prized for its fruit.

Foliage is bright red early in the spring, gradually dulling to a deep maroon toward fall. Its deep pinkish red blossoms in early spring create an exquisite effect, adding a touch of color to your landscape when it is most appreciated.

Our new Red-Leaf Peach produces a full crop of round, inch-and-a-half diameter Peaches; excellent for pickling. Fruit has an all-over red coloring; flesh is white with delicious flavor. Price: 3 to 4 ft., \$1.85 each.

*The Best in the
Blackberry Field*

EBONY KING BLACKBERRIES

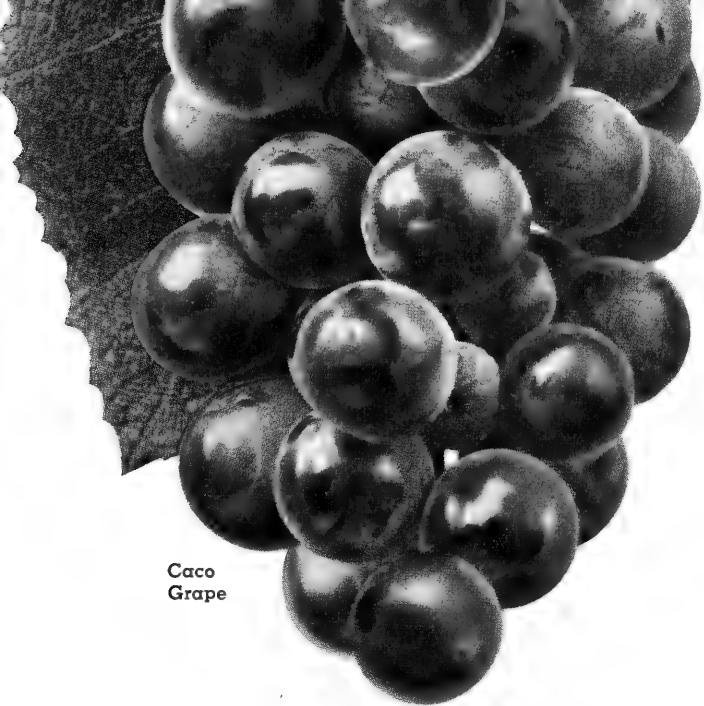

A New Upright Blackberry

Here's good news for Blackberry lovers. This grand new variety will produce an abundance of fruit. Most of the old Blackberry varieties have become sterile; that is, they will produce blooms which fail to develop into fruit. The new EBONY KING has been tested for several years, and is a sure-bearing variety. It is very hardy, having withstood temperatures of 22 degrees below zero. The berries are very sweet, and have the wonderful delicious Blackberry flavor. Bears annually and early in the season before hot weather sets in. Self-pollenizing. Supply of this variety is still limited, so order early. Prices: Heavy, 1-yr., No. 1 plants, 10 for \$3.95; 25 for \$7.50; 100 for \$22.50.

Caco
Grape

Buntings' Leading GRAPES DELAWARE VINES

Fredonia
Grape

CACO

Considered the best and hardest amber-red ever produced. Bunches are large and fruit is deliciously different from most native Grapes.

ONTARIO

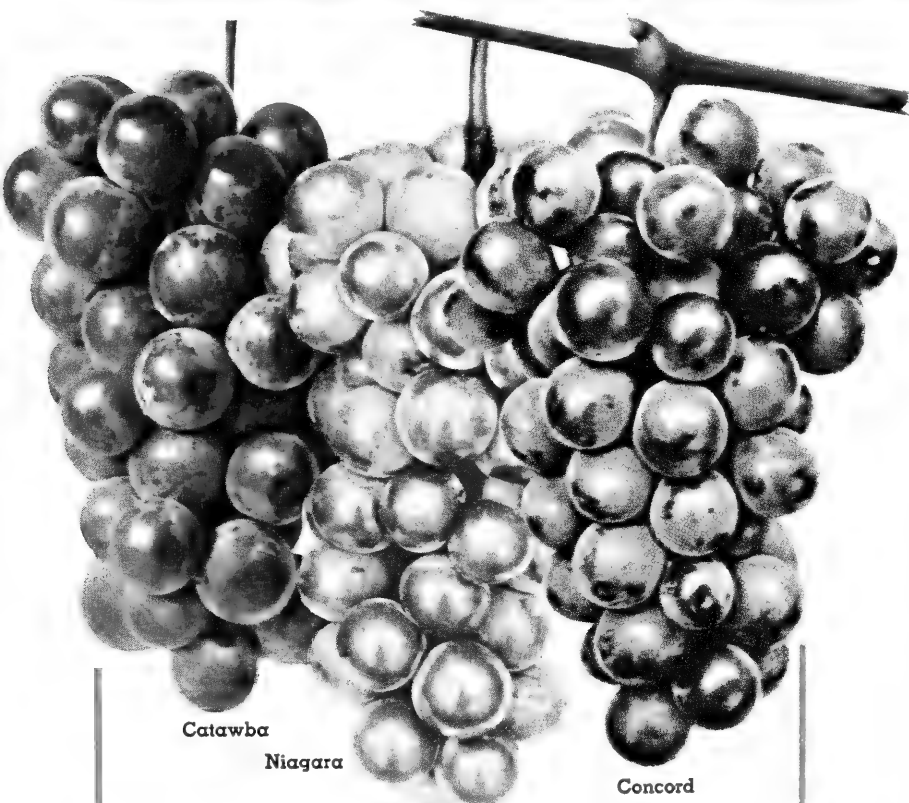

One of the best leading white Grapes. Vines are vigorous and very productive. Fruit ripens extra early. A variety we know you will want to try.

FREDONIA

Black with heavy bloom, clusters about medium, berry is large, very early. This variety is comparatively new and very promising.

Noted for Heavy Production

of Fine Quality Fruit

Catawba

Niagara

Concord

A FAMOUS TRIO RED, WHITE and BLUE GRAPES

CATAWBA

Keeps better than any Grape in cultivation. Dark copper colored, large berries ripen late and can be kept in good condition for some time.

NIAGARA

A quality white Grape; does not crack easily. The fruit cannot be surpassed in beauty. The worthy Queen of King Concord.

CONCORD

The leading all-purpose Grape. Vigorous growing, hardy and very productive. Ripens midseason and known as the best money-making commercial variety. Is unsurpassed by any other variety.

Other BUNTING Favorites

WORDEN. Vines are hardy and productive. Grapes are very large, thin skin with fine flavor; blue-black color and fine for home or market.

MOORE'S EARLY. A fine black Grape of exceptionally fine quality. Extra early to ripen. If you do not have this reliable variety we would suggest it to you.

SEIBEL No. 1000. A French hybrid. Vines are hardy, vigorous, and very productive. A black Grape ripening about with Concord and is very sweet and delicious.

World. Extra Heavy Crowns, Long Fat
Roots. Strong Giant Size, Green Color

NOW THERE'S ONLY ONE — THE BEST ASPARAGUS BUY AVAILABLE ROBERTS STRAIN MARY WASHINGTON

- ★ Crowns Produced From Selected Seed
- ★ More Rapid and Vigorous Growth
- ★ Heavier Yields
- ★ Extra Large Spears

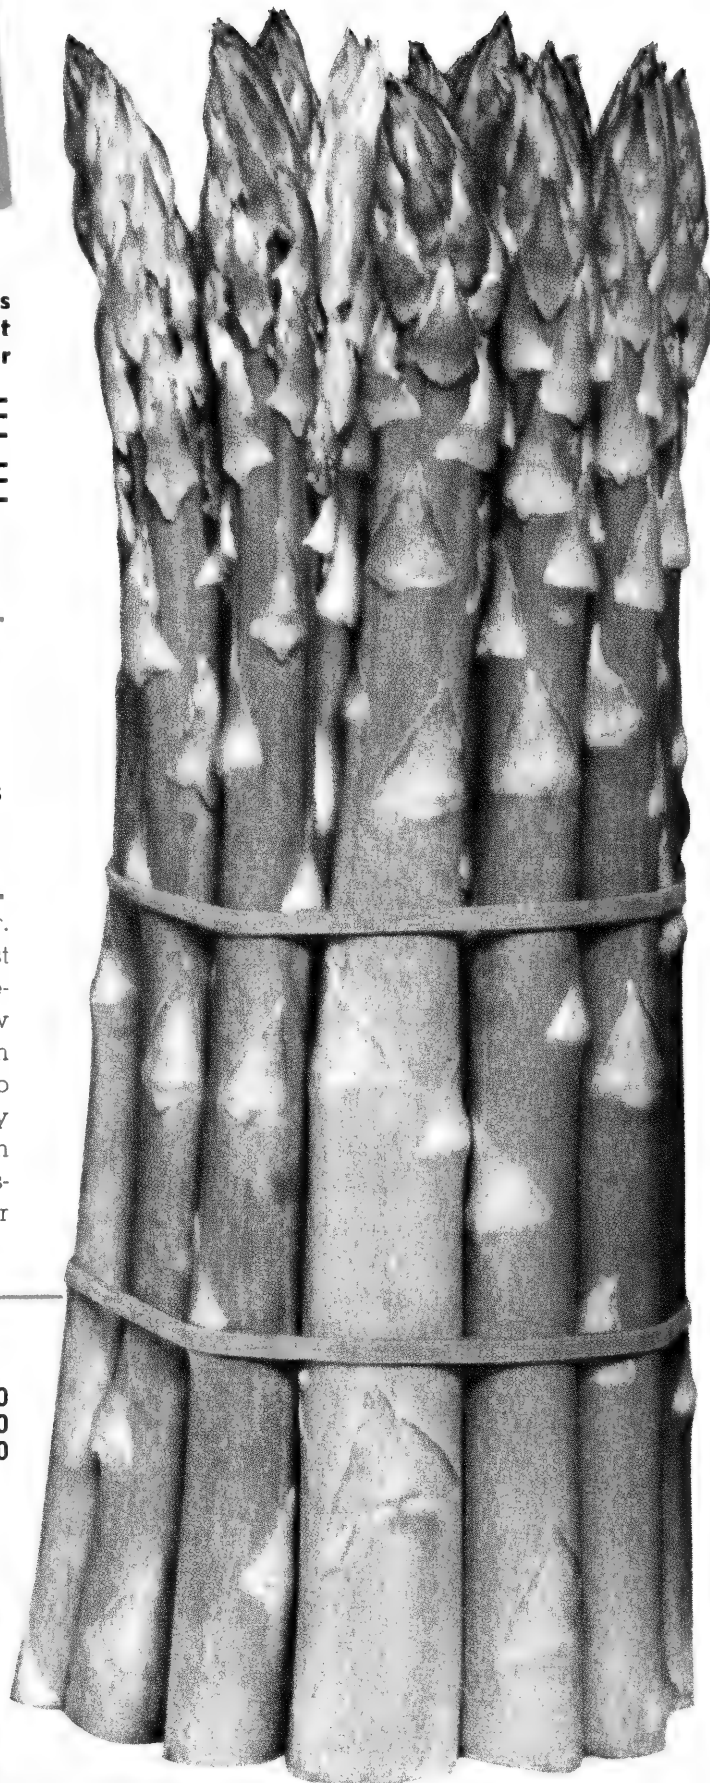

25 as Low as
\$1.85

This new strain of Mary Washington (selected and developed by Mr. J. L. Roberts) is now being planted almost exclusively here in the East by commercial growers and canneries. Roberts' Strain has been developed from original Mary Washington by selection, to produce a new type possessing very large spears, heavy yields and great vigor, which prevents the ravages of rust. For years our supply was sold early to large nearby planters. Our production of this strain has been greatly increased to meet the heavy demands over the entire country. Again this year we have reserved a part of our stock for our mail order customers. We recommend that you order early, we will reserve your plants for you until shipping time.

Make Growing Easy for You!**

Quality in Peach trees is not a mere matter of the size of the trees at the time of purchase. It includes the horticultural skill, knowledge, care and personal integrity actually employed from the securing of the Peach seed to the delivery of the stock.

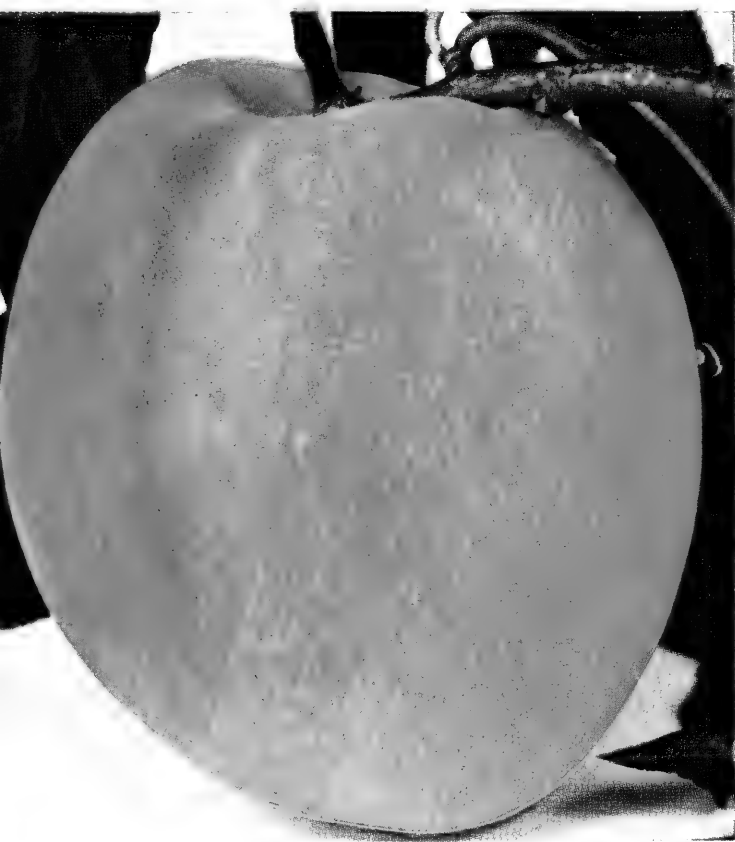

RIO OSO GEM

Popular, Large Colorful, Freestone Peach

An excellent late yellow freestone Peach, ripening about ten days after Elberta. Fruit large in size with brilliant red color. The flesh is firm and fine textured, with excellent flavor. Because of its firmness of flesh, it is particularly recommended for freezing, canning, etc., also a splendid sort for distant commercial markets. We believe it is the best all-purpose late yellow Peach on the market today.

Fruit growers who are interested in planting trees in large numbers, write for special prices.

GOLDENEAST —The Early Beauty

Ripens about fifteen days earlier than Elberta. A large, oval, firm, highly colored, yellow-fleshed freestone Peach, rapidly gaining popularity with commercial growers. Originated at the New Jersey Experimental Station. An excellent variety for shipping or for home use.

GOLDEN JUBILEE *The Beau Brummel of Peaches*

Unusually hardy, resists excessive cold; a sure cropper after severe winters and heavy frosts. Medium to large in size, ripens almost four weeks ahead of Elberta, and considered to be one of the best early ripening varieties. Fine flavor, yellow freestone, attractive color and fine texture. Profitable for market, excellent for home use.

RIPENING ORDER OF PEACHES

Use this list for selecting varieties to provide you with fruit throughout the season. Varieties are listed in order of ripening from the very earliest to the latest.

SATISFACTION- "Quality Controlled" TREES

Other Splendid Peach Tree Varieties (Not Illustrated)

- ✓ **HALE-HAVEN.** A Premium Peach for Every Commercial Orchard. Ripens Two Weeks Before Elberta. Steadily gaining favor, because of its size, color, good shipping qualities and hardiness in bud. This marvelous new Peach, an introduction of the Michigan State Experiment Station, is a cross between the famous South Haven and J. H. Hale. It's an aristocrat of the first order. Extremely high color before ripening; withstands cold temperatures; very hardy; heavy bearer. A perfect freestone; yellow fleshed.
- ✓ **CARMAN.** A very hardy, semi-freestone Peach, ripening about the middle of July; skin pale yellow with blush on sunny side; flesh white, tender, sweet and melting. Ships well. Best early market Peach.
- ✓ **BLAKE.** (N. J. 117.) Introduced by the N. J. Experimental Station. A large attractive red color blushed with yellow all over. Has firm and excellent flavored flesh. The trees are very good growers and fruit is highly desirable.
- ✓ **O'BOY.** A round and perfectly shaped Peach with a glowing red color blushed all over with dark red even before ripe. Flesh rich orange and bright red around the pit. Very firm flesh and skin. Bears a heavy crop of freestone fruit when 3 years old.
- ✓ **SHIPPERS LATE RED.** Follows Elberta in ripening. Skin yellow with attractive red coloring. Flesh yellow, juicy, sweet, pleasing flavor. Bears young; good late commercial variety. Freestone.
- ✓ **SULLIVAN'S EARLY ELBERTA.** An early ripening bud sport of Elberta. Size, color and shipping qualities identical with Elberta, but ripens about ten days earlier. A splendid all-purpose Peach.

BELLE OF GEORGIA A POPULAR WHITE PEACH

Large, attractive, white Peach with red cheek. Delicious flavor; one of the best market varieties. Very hardy, easy to grow. Home canners prefer Belle, and for some time it has been recognized as the best all-around white Peach on the market.

Belle ripens midseason; large size, freestone. The best white Peach of its season.

J. H. HALE Here's Real Quality in Peaches!

Freestone. The skin is deep crimson, smooth, tight, almost without fuzz. Fruit is large, round, firm, golden yellow, sweet and melting; quality excellent. Ripens just before Elberta. A very good one!

REDHAVEN A Real Treat to Taste and See!

EXTRA EARLY, BRILLIANT COLOR, FINE FLAVOR AND GOOD SHIPPER. Perfect freestone, medium to large in size, flesh yellow, fine textured, sweet and of good quality. Smooth skin, almost fuzzless; brilliant red color, with creamy yellow background. Bears heavy crops. A profitable commercial variety, and excellent for home use where a good quality early yellow Peach is desired.

ELBERTA The Standard of Excellence!

Everyone is familiar with the old reliable Elberta. Its attractive appearance, large size, uniformly shaped fruits are well known throughout the world. Universally planted—Elberta leads all other Peaches in number of trees producing fruit. Most popular Peach on the market. Ripens midseason; roundish with a pointed tip, thick skin; flesh yellow stained pink near the pit; juicy; firm but tender; good quality freestone.

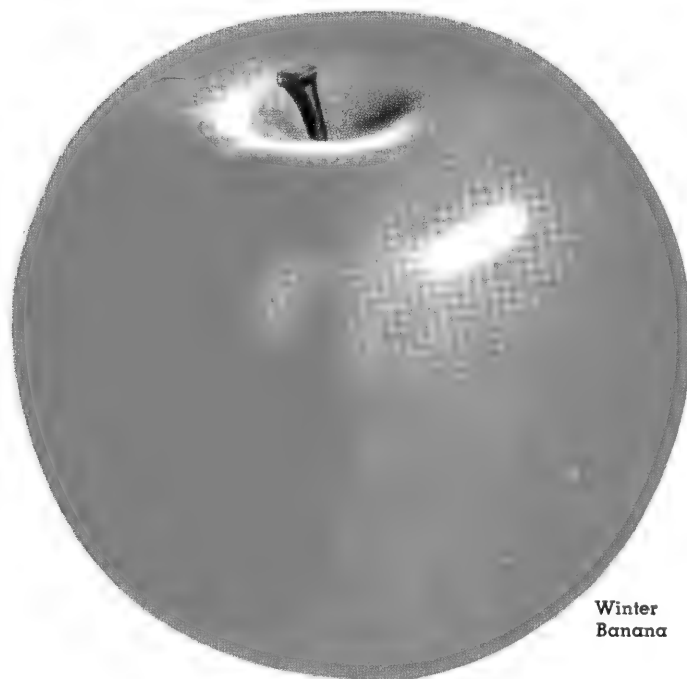

APPLES

Red
Rome

SOLID RED ROME

A brilliant, solid red that produces over 50 per cent more extra fancy Apples for color grade than common Rome Beauty. A beautiful Apple, identical in quality, productiveness and other characteristics with the regular Rome Beauty, except for a greatly superior color.

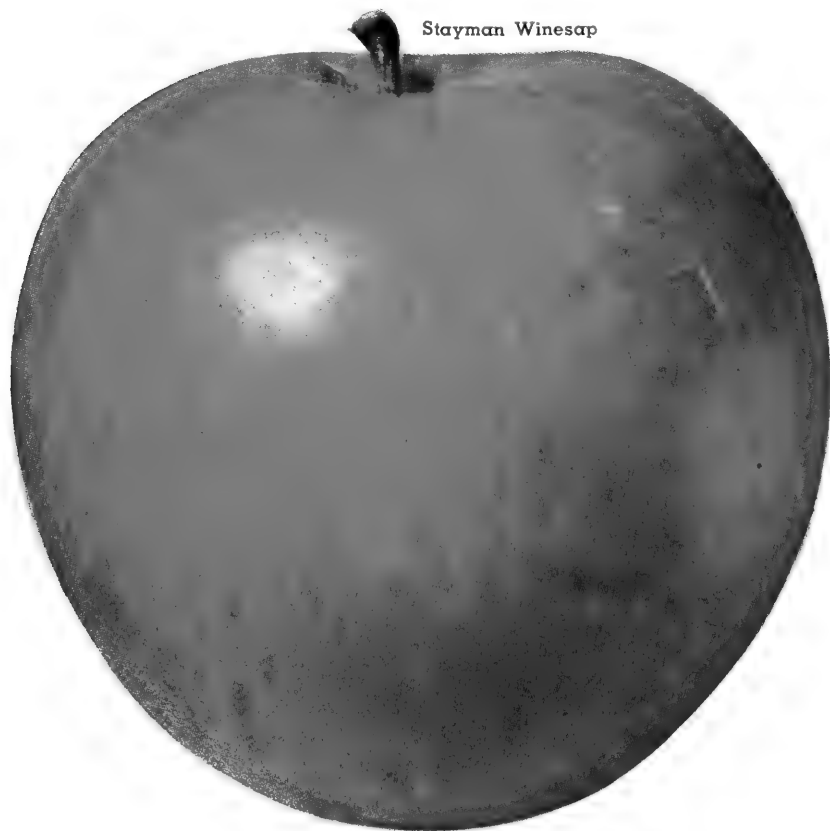

Winter
Banana

WINTER BANANA

A blend of golden yellow in contrast with a brilliant red blush. The flavor is rich and exceptionally tasty. A quality Apple you will want to have growing in your garden.

ALL RED DELICIOUS

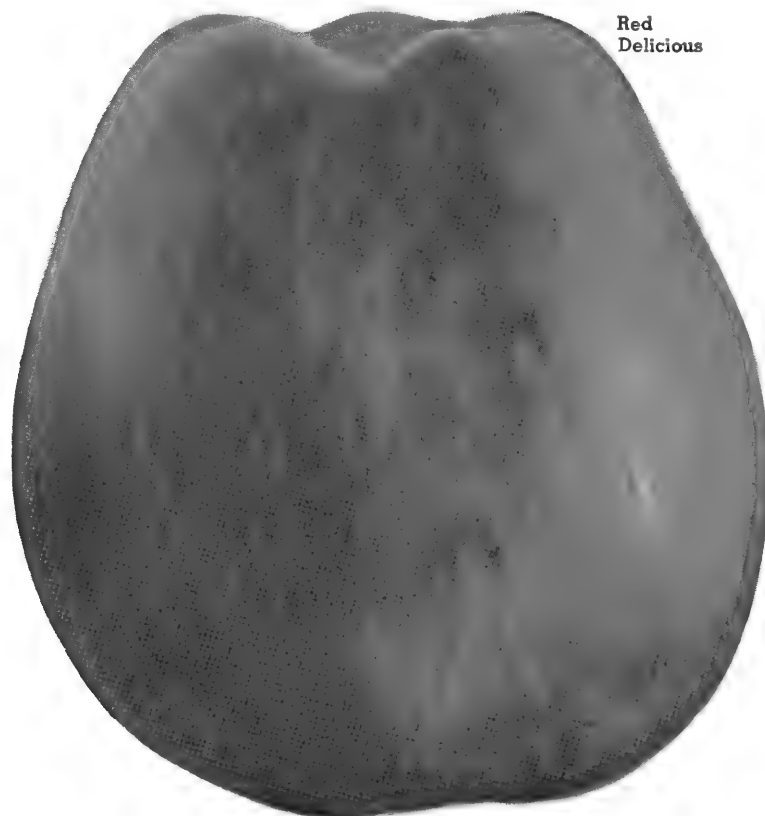

This improved new Red Delicious colors a very rich red three or four days in advance of any other strain of Delicious Apples. It is not only a commercial Apple, but is every bit as well adapted to home gardens. A superior, large, uniform Apple, rich in flavor, with a characteristic five-knob appearance that makes it attractive in every market.

Stayman Winesap

DOUBLE RED STAYMAN WINESAP

Bearns at least double the color of the original strain of Stayman Winesap, otherwise exactly the same growth, hardiness, etc. We have discontinued propagating in our nurseries, also growing in our orchards, the regular variety of Stayman's Winesap, in view of the fact that we get the same quality in Double Red Stayman with double the color which sells the fruit for more money.

Other Choice Quality APPLE TREES

WILLIAMS EARLY RED

Among the earliest to ripen, and the largest of all early Apples. The trees come into bearing when quite young, producing freely and steadily. The Apple is large, with tender, crisp, white flesh, juicy and slightly tart.

LODI (Improved Yellow Transparent)

A summer Apple ripening about the same time as regular Transparent; however, much larger and more firm than Transparent. Fruit good size, skin clear white to pale yellow in color. Flavor very good. An excellent cooking Apple. Tree a very strong grower.

BALDWIN

For many years Baldwin has been a favorite with commercial orchardists for their northern markets. Highly regarded as an eating and cooking Apple, having a flavor all its own.

GRIMES GOLDEN

Very large, skin golden yellow, flesh tender and crisp. A very good fall Apple. Grown in all sections of the country.

YELLOW DELICIOUS

This alluring Apple with the strong appetite appeal never fails to capture the elusive nickel on the fruit stands. It is a national favorite, commanding highest prices on the market. A bright golden yellow, firm, crisp, juicy Apple. Tree bears when young, and yields heavily.

SOLID RED McINTOSH

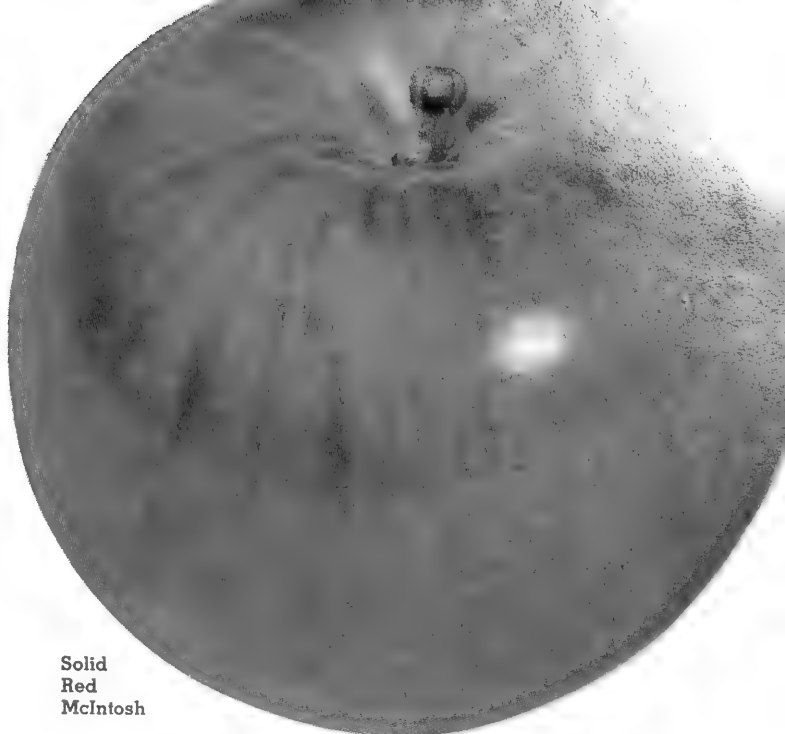

A selected bright red sport of the reliable old McIntosh. Flesh white, tender, juicy, sub-acid. Tree hardy, vigorous and healthy. A leading commercial variety especially desirable for fancy trade.

DOUBLE RED JONATHAN

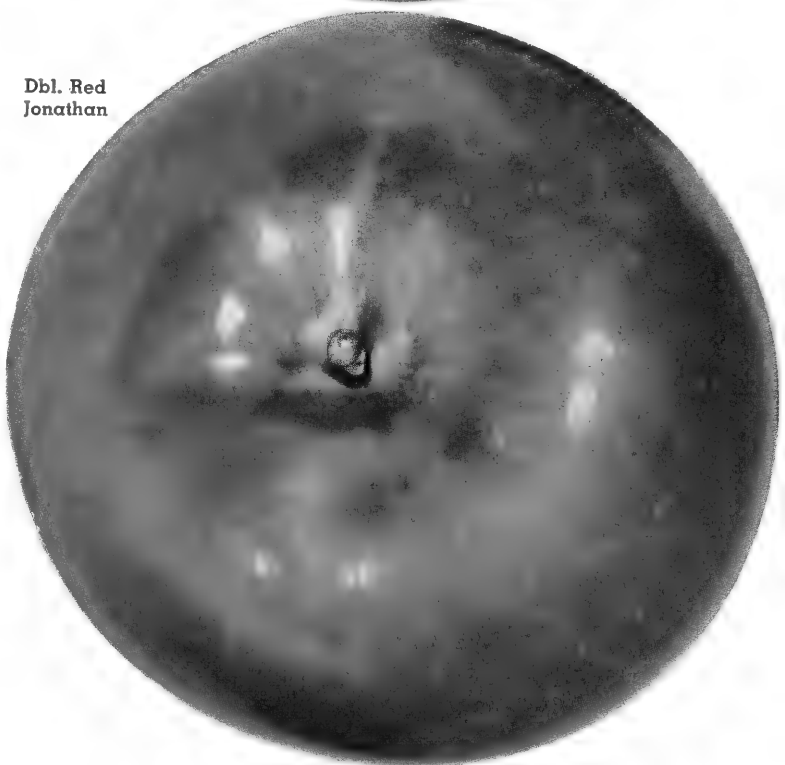

Insure your profits from Jonathan by planting this new sport that will give you bright red colored fruit about two weeks earlier. Fruit medium to large, brilliant red, juicy, fine grain, tender and very highly flavored. Bears young; produces heavy crops every year.

RED YORKING

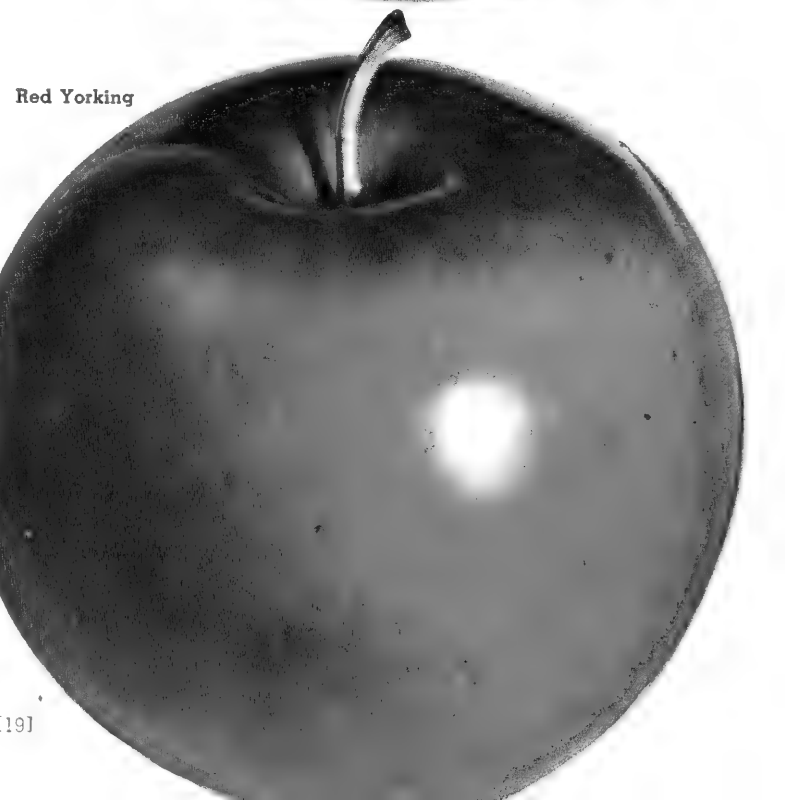

A sport from its famous daddy, York Imperial. It has the same fine and dependable qualities except that its skin is thicker, it does not scald in storage, and ripens to a solid cherry-red color. Shows color 5 weeks earlier than regular York. An excellent shipping Apple. Plant these early coloring Red Yorkings and get into the market with a sure profit-making new variety that finds a ready sale.

Solid Red McIntosh

Dbl. Red Jonathan

Red Yorking

Yellow Delicious

Outstanding **SWEET Cherries**

GOVERNOR WOOD.

Light yellow with red cheek; tender, rich, delicious; very fine; large, roundish, June.

NAPOLEON. Light lemon-yellow, tinged with red. Late June.

YELLOW SPANISH. Ripens early in June. Fruit large, color yellow. Tree vigorous grower.

B L U E B E R R I E S

There is a big market for these delicious Blueberries; they make money from any type of acid soil. Grow in clusters and produce from 5000 to 8000 pints per acre. The berries are easy to harvest and the plants thornless. The plants are very hardy and will last a lifetime, giving bigger yields every year until maturity.

The fruit is very delicious eaten directly from the plant, also can be enjoyed from your freezer. You will certainly experience much pleasure by growing your own fresh fruit from our strong plants.

Blueberries require an acid soil for best results, normally a pH of under 5.5. If your soil is sweet, use peat moss around the plants. Write us and ask for our free booklet entitled "Cultural Directions for Cultivated Blueberries." Once the right conditions are provided, very little care is needed.

Your choice of Cabot or June (early), Concord or Rancocas (midseason), Jersey or Rubel (late). Use two or more varieties to cross pollenate for best results.

BARTLETT PEAR

Unexcelled for Canning, Pickling and Eating
It is the All-Around Favorite Pear

Bartlett, the standard on all markets.
Large, rich golden yellow with red blush;
juicy, melting, with
rich indescribable fla-
vor that has made it
the most popular fla-
vored Pear. An old
favorite. August.

Bartlett

CLAPP'S FAVORITE

Summer. Fruit large, lemon color, spot-
ted with brown dots; flesh fine, rich and
sweet. A very good one. Early August.

SECKEL PEAR

For Pickling

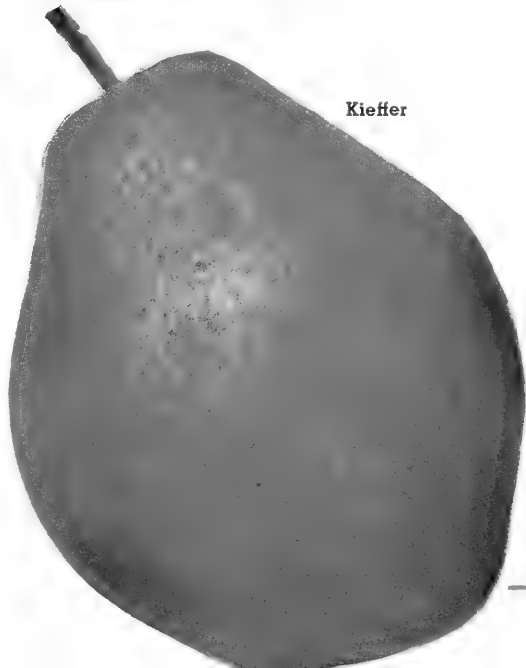

Medium size, skin rich yellowish brown
with deep brownish red cheek when fully
ripe; flesh very fine grained, sweet, ex-
ceedingly juicy, melting, buttery. One of
the richest and highest flavored Pears
known. September.

KIEFFER PEAR

Rich Golden Yellow. Widely Planted

Prolific. Abundant and regular bear-
er. Good shipper. Fruit large; yellow
with red cheek. Begins fruiting success-
fully when three years old. October.

Kieffer

PLANT Buntings'

CLEMATIS LARGE FLOWERING

Very popular. Profusion of large flowers during summer and autumn. Varieties: **Andre** (red); **Henryi** (white); **Jackmani** (purple); **Ramona** (blue). Price: 2-yr. vines, \$1.50 each.

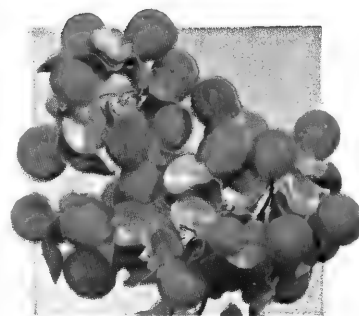

CLEMATIS PANICULATA

Flowers snow-white entire summer and autumn. Price: 2-yr. vines, \$1.00 each.

AMERICAN BITTERSWEET

(*Celastrus scandens*)

Light green glossy foliage; large clusters of orange-scarlet berries retained throughout the winter. Price: 2-yr. vines, 75c each.

Bittersweet

Clematis Jackmani

BOSTON IVY (*Ampelopsis veitchii*). Grows very dense. Foliage green and very healthy. Price: 2-yr. vines, \$1.00 each.

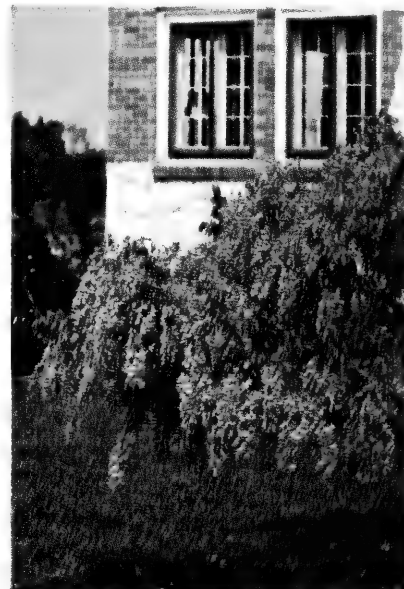

SILVER LACE VINE (*Polygonum auberti*). Very fragrant white flowers during the month of September. Price: 2-yr. vines, \$1.00 each.

TRUMPET VINE (*Bignonia radicans*). Orange flowers in mid-summer. Price: 2-yr. vines, 75c each.

GOLDFLAME HONEYSUCKLE. Blooms all summer. Showy tubular flowers, flame-red outside, bright yellow inside, borne in clusters. Delightfully fragrant. Price: 2-yr. vines, \$1.00 each.

HALL'S HONEYSUCKLE. White flowers from May until November. Price: 2-yr. vines, 75c each.

PURPLE WISTERIA. Purple blooms in great profusion during spring. Fine for porches and trellises. Price: Strong, 2-yr. vines, \$1.50 each.

Wistaria

Boston Ivy

HEDGE PLANTS for Privacy and Protection

Buntings' are One of the Largest Growers of Hedge Plants

MULTIFLORA ROSE

Bull Strong, Hog Tight, Horse High (*Rosa multiflora japonica*). Is fast becoming one of America's most popular "living fences" on the American farm. Produces an impregnable barrier for all livestock within 3 or 4 years. Its density provides a valuable windbreak. Its tight, stock-holding mat of thorns provides an excellent game refuge for wildlife cover, and adds beauty to the farm, producing white blooms profusely in early spring followed with red berries in the fall and winter. See illustration below. Prices: 9 to 12 in. plants, 25 for \$2.25; 50 for \$4.00; 100 for \$7.50; 1000 for \$70.00.

Multiflora Rose Hedge

REGEL'S PRIVET

A low, spreading shrub, prized for its horizontal branching and for its dense foliage which turns to a purple-bronze in the fall. Blooms in June with small lateral clusters of white flowers, followed by little blue-black berries which look like small bunches of miniature Grapes. Price: 18-24 in., \$1.00 each.

CALIFORNIA PRIVET. America's leading hedge plant. Its foliage is of the deepest, richest shade of green and stays on until late winter. Very hardy; easily and quickly pruned.

Prices of Amur River North and California Privet

Spirea Van Houttei

Dwarf English BOXWOOD

This is the round-leaved, slow-growing, compact Boxwood frequently found on old estates in Virginia and along the East Coast. Specimens over one hundred years old, having a spread of 8 to 10 feet, are still the pride of many of the famous gardens. Will grow in sun or partial shade; beautiful throughout the year. Price: 6 to 8 inch, \$1.25 each.

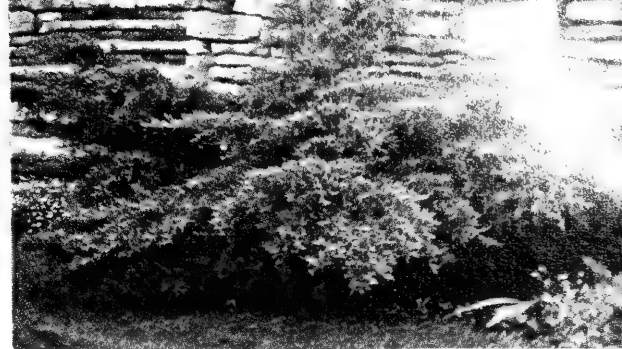

TWO FAMOUS ARBOR-VITAE

The very popular Pyramidal, 15-18 in. grade, and the formal Globe, 10 12 in. grade, an excellent combination for a doorway planting. Especially priced at \$4.00.

GLOBE ARBOR-VITAE. Very dwarf in growth, round or globe shaped; foliage dark green. Does not require shearing. Price: 8 to 10 in., \$1.75 each.

PYRAMIDAL ARBOR-VITAE. Tall, slender; dense dark green foliage. The best Arbor-Vitae grown. Price: 15 to 18 in., \$2.50 each.

PFITZER JUNIPER

Broad, bushy, with gray-green branches. The most popular of the spreading Junipers. Price: 12 to 15 in., \$2.00 each.

AZALEA HINODEGIRI.

Most popular of all evergreen Azaleas. Attractive deep green foliage and bright scarlet flowers.

ALL AZALEAS: 6 to 8 in., \$1.85 each; 2 for \$3.40.

PINK PEARL. A very lovely shade of pink. Flowers and foliage very showy.

SNOW. A pure white that makes beautiful showing along green background.

ABELIA GRANDIFLORA

One of the most beautiful and useful of all flowering broadleaves. Glossy foliage which is evergreen in areas where temperature does not drop below zero. Grows to a height of about 5 to 6 feet, making it ideal for foundation planting; also used for hedges and shrub borders. Small, light pink, tubular blossoms appear in July and continue until frost. Price: 18 to 24 in., \$1.75 each.

Abelia Grandiflora

3 YEWS - The Aristocrats of Evergreens

Noted for its beautiful dark green foliage and freedom from disease. See illustrations of varieties below. They will definitely add to the beauty of your planting. Especially recommended is the group illustrated here for landscaping each side of your doorway. Now-The Ever Favorite

(Ilex Opaca)

Noted for Its Shiny and Prickly
Leaves and Red Berries

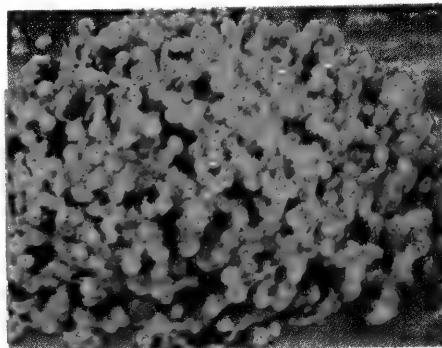

The familiar Christmas Holly. Very attractive, dark green, spined leaves throughout the year; the red berries are formed in clusters in late fall and hang on throughout most of the winter months.

A slow growing pyramid-shaped tree, excellent for lawn planting. Price: 12 to 18 inch, \$2.00 each.

PERENNIAL FAVORITES

*Good Plants that
Will Live and Thrive
for Many Years*

**Thousand Bloom
CUSHION MUMS**

This compact bush is literally covered with hundreds of dainty flowers during late summer and fall. They retain their globular shape and often make a ball-shaped plant with about 2½-ft. spread. Colors: red, pink, white and yellow.

Prices of all Perennials

All varieties listed on this page.

3 for \$1.50; 6 for \$2.70

All Plants Bunting Grown

LARGE FLOWERING HYBRID MUMS

These beautiful taller growing Mums produce shapely blooms which are excellent for cutting and arranging in colorful bouquets. Plants bloom earlier than regular varieties. They are very hardy and bloom will hold its beautiful color longer. We offer the following varieties:

Butterball. Yellow.
Heatherbloom. Pink.
Glacier. White.
Olive Longland. Red.

BLEEDING HEART

A favorite in Grandmother's garden a half century ago, it lends a fine romantic touch to any garden. Thrives in partial shade, will grow in full sun. The plant grows larger, more beautiful each passing year.

CREEPING PHLOX (Subulata)

Low spreading plant with many blooms. Covers hard to plant areas with blooms all spring. Choice of **Pink, Red, White, or Blue.**

DELPHINIUM

One of the most popular and best known perennials. The flowers are various shades of blue, produced on long stems, starting in June.

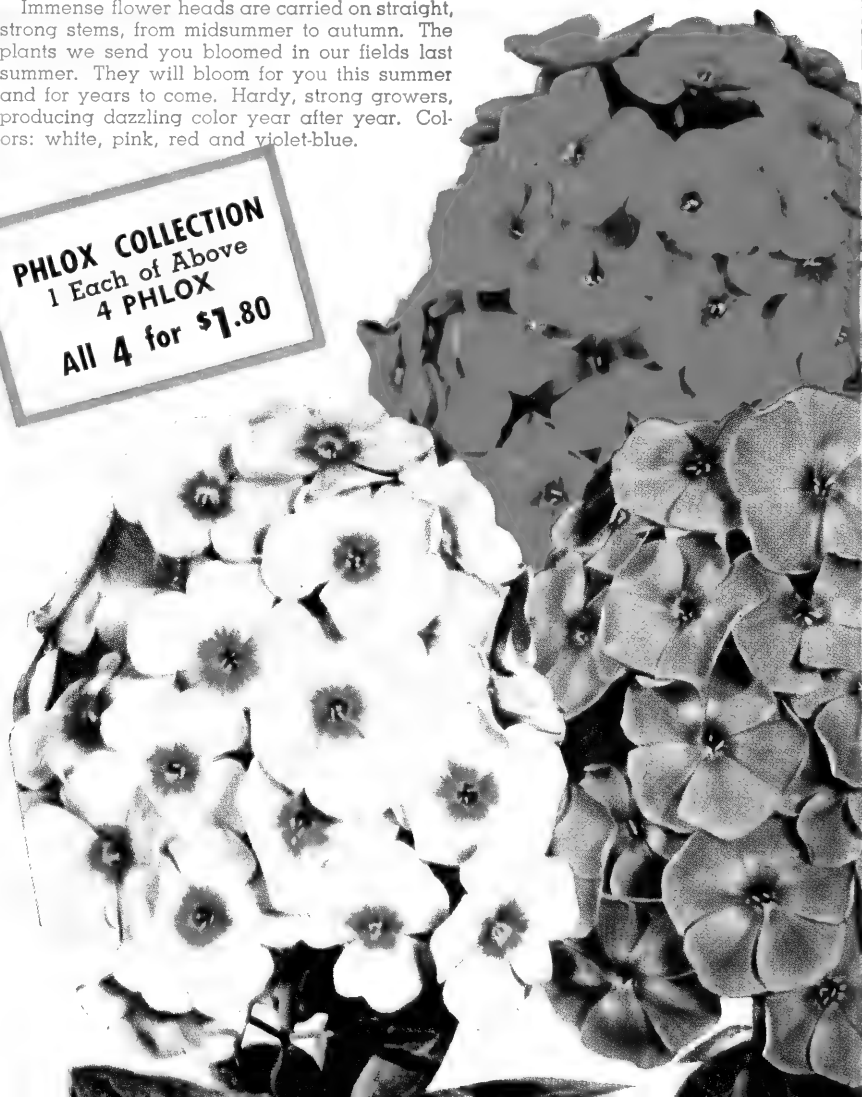

**HARDY
CARNATIONS**

Masses of lovely flowers all season. Large, fragrant blooms on long stems, excellent for cutting. colors: red, pink, white and yellow.

Buntlings' Superior PHLOX

Immense flower heads are carried on straight, strong stems, from midsummer to autumn. The plants we send you bloomed in our fields last summer. They will bloom for you this summer and for years to come. Hardy, strong growers, producing dazzling color year after year. Colors: white, pink, red and violet-blue.

PHLOX COLLECTION
1 Each of Above
4 PHLOX
All 4 for \$7.80

HARDY ASTER

These tall growing plants are planted extensively, very hardy. Wonderful for cutting. Four shades offered: **pink, red, white and blue.**

Buntings'

NEW and IMPROVED SHRUBS

HIPERICUM HIDCOTE

Grows into a twiggly shrub about 18 inches tall and about the same diameter. Throughout the summer it is covered with bright yellow, cup-like flowers about two inches in diameter. During severe winters it sometimes freezes back to the ground, but this doesn't matter because it springs up from the base producing each summer its masses of blooms. A fine low-growing plant for the foreground in any planting. Flowers are fragrant and appear in late June, continuing until mid-October. **Price: 2-year plants, \$1.75 each.**

A "Revelation" in Quick Growing Hedge ENGLISH MULTIFLORA

ROBINHOOD Rose Hedge

A beautiful Musk Rose hybrid for use at hard-to-plant locations or for use to plant undesirable areas. It is excellent as a hedge. These dense, compact plants produce an abundance of healthy, deep green foliage that is completely covered with clusters of brilliant, cherry-red flowers. It continues to bloom all summer and fall. A very hardy plant that has withstood temperatures of below zero. The plants pictured are 3 years old and show the vigorous growth and fine blooms. A plant of value to any home. Due to limited supply, we must limit our customers to 10 plants. **Price: 9 to 12-inch plants, 5 for \$3.75; 10 for \$7.00.**

New Forsythia BEATRIX FARRAND

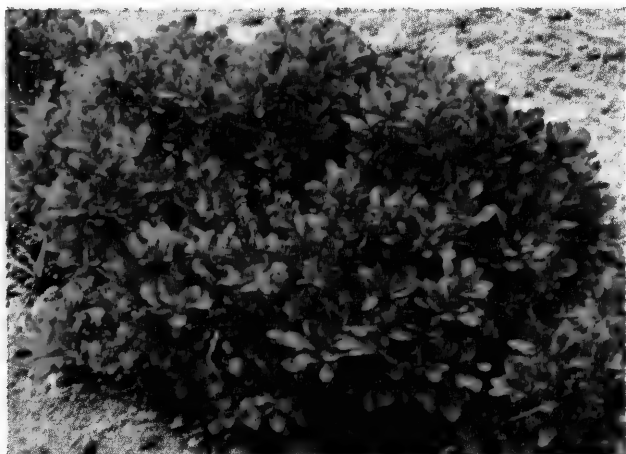

A spectacular new Forsythia originated at the Arnold Arboretum by Dr. Karl Sax. It is an extremely vigorous grower, making a large symmetrical bush. The deep, golden yellow flowers are over two inches in diameter, and have striking orange markings in the throat. **Price: 2-3 ft. plants, \$2.75; 2 for \$5.25.**

At BUNTINGS' our business is to grow and ship to you the very best plants possible for us to produce. The many letters we receive from our customers expressing their satisfaction enables us to feel we are shipping plants that please.

The Improved Low Growing

PIGMY RED BARBERRY

From Holland came this miniature form of the Red-Leaved Barberry. Mature plants, unpruned, measure about 20 inches in diameter and 8 inches in height. Makes a fine showing in front of any shrub planting. Plant in full sunlight. **Price: 2-year plants, \$2.00 each.**

Hopa Flowering Crab

EUROPEAN MOUNTAIN ASH

A very attractive, small, hardy tree which bears clusters of scarlet berries from July to winter. **Price: 6 to 8 ft., \$6.00 each.**

SILVER MAPLE

Especially popular because of being a fast grower. Light green foliage, silvery underneath. Excellent for broad streets and large home grounds and useful in public parks. **Prices: 6 to 8 ft., \$3.75 each; 8 to 10 ft., \$4.75 each.**

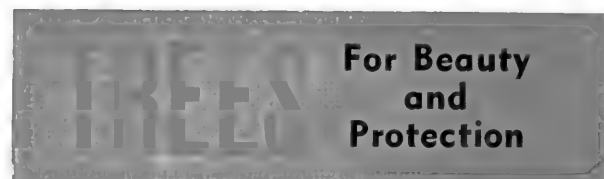

HOPA FLOWERING CRAB

A handsome ornamental tree. Masses of bright red flower clusters are produced in early spring, followed by red fruits in autumn. **Price: 5 to 6 ft., \$2.75 each.**

GOLDEN CHAIN TREE

Shrub-like tree with long hanging clusters of yellow flowers in May. The picture accurately portrays the unusual beauty of this small ornamental tree. Excellent for planting in areas where space is limited. **Price: 5 to 6 ft., \$6.50 each.**

**For Beauty
and
Protection**

DOUBLE FLOWERING PEACH

A striking, colorful tree for the spring garden, bursting into blossom two weeks ahead of Dogwoods. Double, long lasting, Rose-like flowers cover the twigs, remaining on for 10 days or more. Your choice of colors: red, white and pink. **Price: 4 to 5 ft., \$2.25 each.**

Golden Chain Tree

Norway Maple

Not Pictured

ORIENTAL PLANE TREE.

A 'dense' growing tree with broad leaves which makes excellent shade. Grows very well under adverse growing conditions. Matures at about 40 to 50 feet and has excellent form. Recommended for either shade or street planting. **Price: 6 to 8 ft., \$5.50 each.**

CUT-LEAF WEEPING BIRCH.

Distinguished for its white bark, light green leaves, which are finely cut, and its long, drooping branches. **Price: 6 to 8 ft., \$6.50 each.**

NORWAY MAPLE

Especially suited for street planting and on the grounds of small homes. Symmetrical, dense, round headed tree. As it makes only a medium size tree, can be used where space does not permit larger growing types. **Prices: 6 to 8 ft., \$5.50 each; 8 to 10 ft., \$6.50 each.**

Red Flowering Peach

The Graceful, Cheery **DOGWOODS**

RED FLOWERING DOGWOOD

A profusion of pink and red flowers in May. Its foliage is unusually brilliant in fall. **Price: 2 to 3 ft., \$3.75 each.**

MIMOSA (Silk Tree)

Acacia-like foliage. Low, flat-topped tree, almost umbrella-like. Feathery, fragrant pink blossoms in summer. **Price: 5 to 6 ft., \$4.00 each.**

WHITE FLOWERING DOGWOOD

In early May this small native tree is a cloud of white flowers, and in the autumn the upper sides of the leaves turn a brilliant crimson. **Price: 3 to 4 ft., \$2.75 each.**

JUDAS TREE (Redbud)

A small tree or large bush with a broad, round top. In May, before the leaves appear, it bears dense masses of deep rose-pink flowers. **Price: 3 to 4 ft., \$3.00 each.**

The Favorite of Millions **ELEYI FLOWERING CRAB**

Attractive red foliage in spring. Smothered with large reddish pink flower clusters during flowering period, and followed by conspicuous brilliant scarlet fruit that is excellent for jelly. Very showy. **Price: 5 to 6 ft., \$2.75 each.**

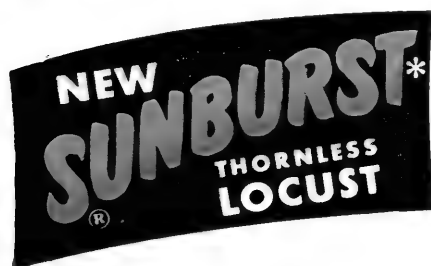

Buntings' Finest **DECORATIVE TREES**

PURPLE-LEAF PLUM

A profusion of blooms in May. Deep bronzy purple foliage through spring months, lighter in color during summer, but attaining brilliant color again in the fall. **Price: 4 to 5 ft., \$2.60 each.**

WEeping FLOWERING PEACH

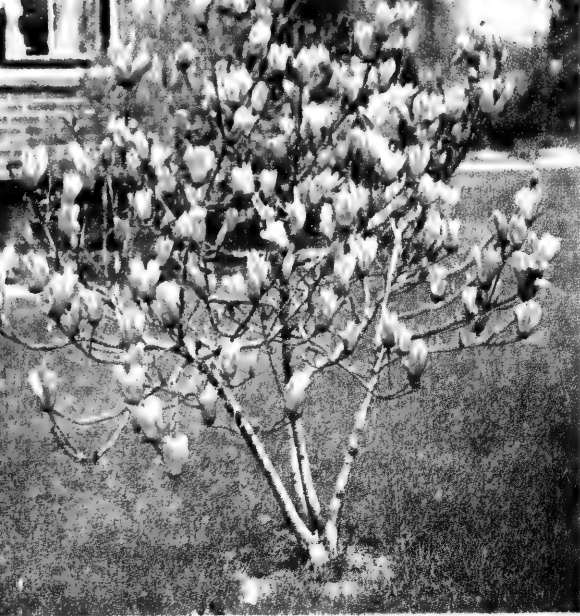

Beautiful, small trees, equally charming for the small garden or as a specimen on the lawn. Rich, brilliant red flowers, closely set on twisting, arching branches. **Price: 2-year, No. 1 trees, \$2.50 each.**

The Aristocrat *of Popular* **LOCUST**

(Sunburst Locust)

If you have been trying to decide on an unusual splash of color for your grounds, may we suggest this one. This new shade tree has beautiful golden bronze color on 6 to 8 inches of its branch tips. A pleasing contrast with other green foliage. It really appears to be blooming all summer. Height at maturity of 25 to 35 feet. Plant one now and enjoy its distinct beauty in your yard. **Price: 5 to 6 ft., \$7.50 each**

JAPANESE MAGNOLIA

Deciduous trees, growing only 12 to 15 feet in height, branched from the ground. Tulip-like flowers are produced in early spring just ahead of the foliage. Ideal for use as specimens for lawn planting. Your choice of varieties: **Soulangeana**, pink flowers; or **Liliflora Nigra**, with flowers that are rose-purple outside and white within. **18-24 in. plants, \$2.50 each. SPECIAL PURCHASE: 2 plants of either color, only \$4.45.**

Clump Birch

**OUR TREES ARE
BUNTING GROWN**

Kwanzan Cherry

3 IN 1 CLUMP BIRCH

Another fine tree of unusual character. Has white bark like the regular cut leaf Birch, plus the added attraction of 3 trunks. A graceful and most effective tree for specimen planting. Maturity height of about 30 feet. **4 to 5 ft. plants, \$4.85 each.**

CRIMSON KING MAPLE

(Patent No. 735.) Undoubtedly the very best of all red or deep purple foliated Maples. In the spring Crimson King bursts forth with this beautiful foliage, and the brilliant color is maintained in the leaves until autumn; it glistens in the sun. Truly the King of all Maples. Perfectly hardy, well shaped tree. **Price: 5 to 6 ft., \$5.95 each.**

Not Pictured LOMBARDY POPLAR

A tall spire-like tree. Effective for screens and vertical accents.

	Each	10	50
3 to 4 ft.	\$0.60	\$5.50	\$25.00
4 to 5 ft.75	7.00	32.50

CHINESE ELM

A very rapid growing tree of dense pyramidal form. Slender, grayish branches, and small, fresh green leaves. **Price: 6 to 8 ft., \$3.75 each.**

FLOWERING CHERRY TREES *for Lawn Beauty*

KWANZAN CHERRY

Double dark pink blossoms in early spring. Upright, strong growers, frequently blooming the first season after being transplanted. Blossoms large, full, literally covering the stems. **Price: 4 to 5 ft., \$4.00 each.**

WEeping CHERRY

A weeping form of the popular Double Flowering Cherry. Has slender, pendulous branches hanging nearly to the ground. In early May the branches are strung with showy rose-pink flowers. **Prices: 2-year heads, 5-6 ft. stems, \$8.00 each.**

Weeping Cherry Trees

Ile de
France

Charming

Dubonnet

BUDDLEIA (Butterfly Bush)

Blooms early summer to late fall. Medium height. Weeks of colorful bloom in panicles up to 18 inches long. Fragrance attracts butterflies, giving it the name commonly used. **ILE DE FRANCE.** Purplish blue. **CHARMING.** Long panicles of pink. **DUBONNET.** A dark wine-dubonnet. Prices: Choice of varieties, 18 to 24 in., 85c each; 2 to 3 ft., \$1.00 each.

← SPIREA VAN HOUTTE

A medium sized shrub covered in late May and June with pure white flowers. Foliage is dark green and fine textured. A plant with many uses, this is a well known, popular shrub. Prices: 18 to 24 in., 90c each; 2 to 3 ft., \$1.15 each.

DOUBLE BRIDAL-WREATH SPIREA

(Prunifolia plena)

Small, plum-like double white flowers produced profusely in early spring. Red fall foliage. Price: 2 to 3 ft., \$1.50 each.

ENCHANTMENT MOCKORANGE →

(Double)

Produces profuse, long, thick panicles of double white flowers on erect branches in early spring. Sweetly fragrant. Very hardy. Price: 2 to 3 ft., \$1.25 each.

Colorful WEIGELAS

WEIGELA ROSEA

Best known and most extensively planted of the pink Weigelas, blooming abundantly in May and June. Remarkably showy, trumpet-shaped flowers of brilliant pink. Prices: 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

WEIGELA, EVA RATHKE

Free bloomer, beginning in May and blooming intermittently until late fall. Bright red flowers. Dwarf grower, suitable for foundation plantings. Prices: 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

WEIGELA VANICEKI

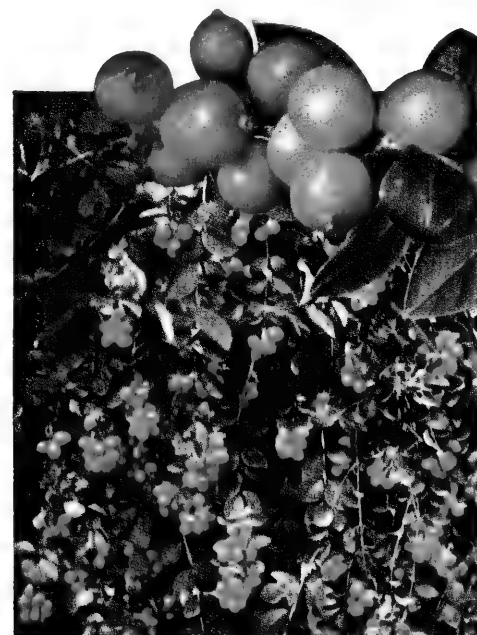

Vigorous growing red Weigela similar in flower and foliage to Eva Rathke. One of the finest red Weigelas. Blooms heavily in the spring, and again there is a fine showing of bloom in late summer and autumn. Prices: 1½ to 2 ft., \$1.25 each; 2 to 3 ft., \$1.50 each.

Weigela Rosea

HYDRANGEA, HILLS OF SNOW (Hydrangea A.G.). Known for its profusion of round, snow-white blooms which appear early in July and last until late September. Very hardy. Prices: 18 to 24 in., \$1.10 each; 2 to 3 ft., \$1.35 each.

CORALBERRY or INDIAN CURRANT. A dwarf shrub which thrives in the shade. The coral colored berries last until late winter, and are produced profusely. Prices: 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

FORSYTHIA, SPRING GLORY. The old favorite of many, its burst of golden blooms has long reminded many of the approaching spring season. One of the earliest to bloom. Price: 2-3 ft. plants, \$1.25 each.

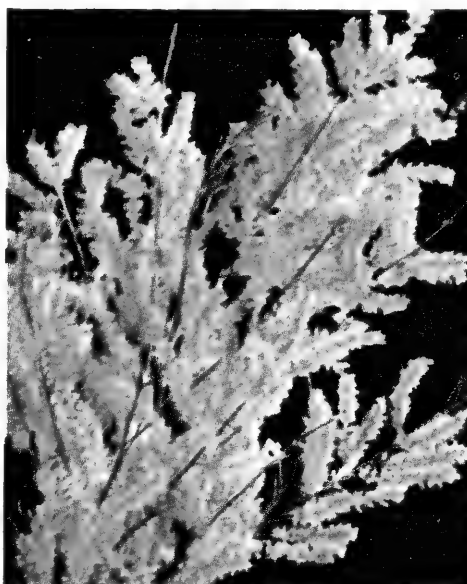

DEUTZIA, PRIDE OF ROCHESTER. Another real favorite—produces beautiful white flowers in May. Price: 2 to 3 ft. plants, \$1.25 each.

BEAUTYBUSH (*Kolkwitzia amabilis*). Completely covered with beautiful cameo-pink flowers during June and July. Acclaimed as the most beautiful and useful flowering shrub. Ideal for planting on the lawn, in the shrub border or any place where a blaze of color is desired. Prices: 1½ to 2 ft., \$1.25 each; 2 to 3 ft., \$1.50 each.

SHRUBS

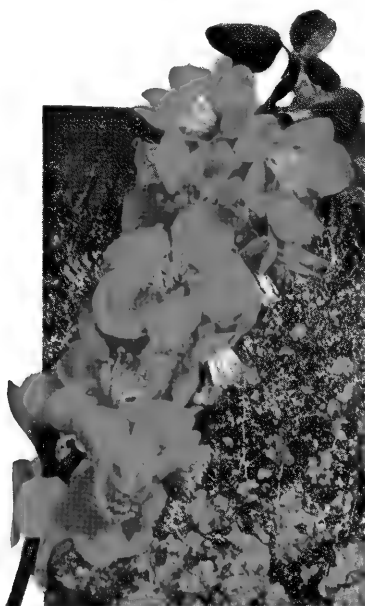

Offer an Abundance
of Color for
Years of Pleasure

TAMARIX. A beautiful shade of pink is the color of this unusual bloom. The foliage has a blue-gray cast which is a wonderful contrast with the bloom. Makes a good cut flower. Grows to about 8 feet. Price: 2-3 ft. plants, \$1.25 each.

CRAPE MYRTLE. (Spring planting only.) Strong growing shrub, adapting itself to almost any soil and condition except in northern sections where temperatures often drop below zero. Does very well south of Philadelphia. Leaves bright green; the blooms are large panicles of crinkled little florets. Blooms late July and August. Colors: pink or red. Price: 2 to 3 ft., \$1.75 each.

ALTHEA (Rose of Sharon). Upright, very hardy. Color spot of the fall. Begins blooming in early summer and continues through the fall months. Your choice of red, white, pink or blue. Prices: 1½ to 2 ft., \$1.00 each; 2 to 3 ft., \$1.25 each.

FLOWERING QUINCE. The popular Cydonia. Literally covered with brilliant double scarlet blooms in early spring. Prices: 18 to 24 in., \$1.00 each; 2 to 3 ft., \$1.25 each.

SPIREA, BLUE MIST. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. The foliage is lanceolate and slightly toothed and silvery green in color. Hardy. Price: 2-yr., No. 1 grade, \$1.25 each.

FLORIBUNDA ROSE WHITE BOUQUET

Pl. Pat. No. 1415

The Beautiful Grandiflora
Queen Elizabeth
Pl. Pat. No. 1259

FIRST AND ONLY ALL-AMERICA GRANDIFLORA

A Grandiflora with exceptionally fine qualities of the Hybrid Tea. A blend of soft carmine-rose and dawn-pink blooms that are abundantly produced on its almost thornless stems. This is another new type Rose we can highly recommend that you plant.

\$2.50 Each 3 for \$6.60

WHITE BOUQUET

Gardenia-like flowers, which when fully opened, spread their petals out to a beautiful white bloom. A wonderful contrast to its smart green foliage. It flowers in clusters and also as individual blooms. A new kind of white rose you will surely want for your garden.

\$2.50 Each 3 for \$6.60
